Video Title/Speaker: Mythbusters

Subject summary: Today, in Mythbusters, we watched how to Escape Alcatraz and busting a myth about a ducks quack couldn't Echo, and a "myth" that the government used mind control chips. The escape on Alcatraz was a makeshift boat. It was made out of Rain coats, cloth, and an accordion used a pump. It was very creative.

The myth about our government using mind control chips was unusual. The myth was busted.

Coolest thing you learned: The myth about a quack not Having an echo...IS FALSE.

What you disliked: N/A
